RE: SAAD Nashville 19-5-33

Wilda Cobb returned my call regarding the status of the Remedial Action/Access of the Saad Nashville site. She is finalizing the order for Access and has placed an emergency priority on it. The Justice Dept has assigned an Atty. for the case to expedite the status. She hopes to have the order turned in by monday 11/1/93. She feels that there may be Action taken on-site this year. The order also includes a restriction from Access for Ellis Saad due to his interference.
