Site writeup for website 4.7.16..docx

Pete,

I've reworked the website write up for NCHGW as per Diann Cox-Tramel's request. The attached version includes input from Sharon. Before I send this to Cecilia could you please review?

On page 2 of the document under (EPA's Involvement at this Site – OU2), I left Sharon's comments and the language I drafted to address her comments for context. I wasn't initially thinking about going into detail about General Instruments, but maybe it makes sense. Would be interested to hear your thoughts on that OU2 is set up.

Thanks in advance,

Jen
