KateNPL General Conformity Revised 4-10-13 - compared (1).docx

Carl and Scott -
Before I send this on to Tim and Ken, I wanted to check in with you to see if you can address Kate's comments. She commented on the red-lined version, so if you hover over the edits, Kate's are the 4/14 edits and the comment bubbles.
Please let me know if you can address, or whether I should ask Ken and Tim for input.
Thanks!
Suzanne

Subject: Conformity

Please see attached. I am confused about two main points. I think the problem is too many writers. If understood the point, I would rewrite...but am not sure that I do.
