Hi Candon,
Here's the Idaho document with inputs for the HHC. Lisa is checking whether HQ had entered this information into a spreadsheet when they were reviewing the Idaho criteria, and I asked HQ again to provide the toxicity data for the "Tools for Tribes" HHC calculator, or the underlying spreadsheet. We'll see what we can come up with.
Thanks, talk to you on Thursday.
Maja

Hi Lon,
I have attached the most up-to-date version of the Idaho Human Health Criteria technical Support Document (it contains RfD and toxicity values). Can you check it out and see if it has the information you are seeking? If so, great! If not, I will continue my search.
Thanks,
Michelle
