FYI – Today EFED transmitted to NMFS the EFED/PRD combined comments on the draft BiOP for chlorpyrifos, malathion, and diazinon. I have attached the document for your reference.

All,

EPA's comments on the NMFS draft BiOp and RPA/RPM have been uploaded to the SharePoint site. The file should have automatically inherited permissions from the subfolder, so you and all your staff should have access to it. Just share the link. Please let me know if you have any issues opening the document.

Kayla -

Just so you know, here are the folks that we were told were coming from DOI as of yesterday -

Department of Interior

Casey Hammon Special Assistant to the Secretary (FWS)

Virginia Johnson, Special Assistant to the Secretary (Fish, Wildlife and Parks)

Aurelia Skipwith, Deputy Assistant Secretary

Dan Jorjani, DOI Solicitor

So I find it interesting that Casey was unaware of the meeting and that Casey and Virginia were not aware they were invited.

Nobody from Fish and Wildlife Service policy team is going that we know of. Casey Hammond and Virginia Johnson are not on the invite, and Casey was unaware of the meeting when Gina spoke with him this morning.

Hey Cathy,

Latest information I have is that the meeting is scheduled for Monday (6/19). Attending from EPA will be Marietta, Rick Keigwin (Office Director), Nancy Beck (Deputy Assistant Administrator, political appointee), and Wendy Cleland-Hamnett (Acting Assistant Administrator, career employee). Probably the first of a series of meetings, if I had to guess.
