Hi Everyone,

The purpose of this meeting to discuss the matter of Hickman's Egg Ranch in Arlington and Tonopah, Arizona, and determine an approach to possible next steps.

I've attached some permits that may be useful for the meeting:

- The Maricopa County Air Quality Department's permits for Tonopah and Arlington facilities.

- The Arizona Department of Environmental Quality's AgBMP for Hickman, though it covers the Hickman HQ.

- A permit from the San Joaquin Valley Air Pollution Control District for another egg layer facility similar to the Tonopah facility in California.
