Subject: Draft I-73 Re-evaluations & Mitigation Plan

All,

If you have any comments on Appendix H (SCDOT's responses to Corps' public notice, dated July 8, 2016) and/or Appendix I (SCDOT's Final Mitigation Plan), this is a request to also provide those comments directly to the Corps (in addition to SCDOT's request for comments on the drafts of the I-73 North Re-evaluation & I-73 South Re-evaluation).

In other words, please be sure to also submit all comments to the Corps that pertain to your review of the proposed Final Mitigation Plan, as well as your review of SCDOT's response to the Corps' public notice commenters. This will ensure that all agency comments are properly addressed in accordance with the Corps' agency coordination procedures for our review of SCDOT's I-73 permit application. If you have any questions, please feel free to give me a call (or send me a follow-up email).

Just like SCDOT, we would similarly request that you provide any comments applicable to Appendices H and I on or before Monday April 3rd, 2017 (i.e., 30 days from March 2, 2017). Thanks.

Steve
