~~*~*~*~*~*~*~*~*~*

As mentioned previously, the first of what we currently anticipate to be a series of monthly technical working meetings to help move the LPRSA 17-Mile RI/FS process forward is scheduled for next week. These meetings will include key technical people from EPA, the CPG, NJDEP, NOAA, FWS, and the USACE.

Please forward this invite to others in your organization that you think should attend, and let me know how many people you anticipate bringing. This will be an in-person meeting.

Thanks
