~~Abrams~~ VA 16 Jul
I've handled this by telephone
File 815.4

From: Dennis Tulang
To: ASA
Subj: Materials promised...

Dennis asked for
1) criteria on need for public hearing +
2) criteria on need for re-notice

I said that I'd track down status...

WHP: 1) criteria on need for public hearing are spelled out in regs which were sent to Dennis; unless you want Walker to write-up criteria for "significant interest", I'm not sure how we can send anything else.

2) do you want Walker/Mowday to write-up our current policy?
