Hi Khue,

Thanks for your edits. Here's a clean version with your, Neil's, and Tom's edits. I hope I've captured everything correctly. Please send to the team for review. Tom suggested that one person in each division compile any comments to send to me. It would be wonderful if we could get comments by the end of the day today or tomorrow morning at the latest. I realize that is a short turn-around, but we need to get something to Rick for his review as quickly as possible so it can be sent on to the OPP IO and OCSPP.

Thanks all.

Good morning!

I have reviewed the clean version and have minor editorial edits. I interfaced with BEAD and got us a number for the X acres of ag land with glyphosate resistant weeds. Otherwise looks good!

Thanks,
