Meeting w/ Ruth Nelson Uniman
Kellogg Rozowski present 7/17/89 EPA

Ms. Nelson detailed at length the financial problems Marine Power is having in order to explain why sampling plan was not ready.

We advised her that it was simply way too late. She said she could have it ready in 2 weeks.

I asked her for a schedule for;

1) the sampling plan

2) the sampling itself

3) the analysis

She said she would provide —
