Subject: Niagara Falls Boulevard/Holy Trinity Cemetery/738 Upper Mountain Road Overtime Comp Request Pay Period 02 2017

;;;;
;;;;
Good Afternoon:

Below is the estimated overtime for Niagara Falls Boulevard Site Removal Action, Holy Trinity Removal Action and the 738 Upper Mountain Road Assessment based on the schedule I have worked out with property owners, operators and contractors. I previously submitted a more detailed explanation of work schedule and scope of work at the sites to assist management in justifying work schedules and overtime requests. Also, I am being requested to attend a public meeting for the Steelworks Industrial Park Fire on January 9th.

Thanks.

Happy New Year to all!!!

Travel Date Range: 01/03//2017 through 01/15/2017 (Pay Periods 01 & 02)

Travel days to/from Site are 01/03/2017 (Pay Period 01), 01/15/2016 (Pay Period 02)

Travel Comp Requested for PP 02:

01/15/2017: 8 hours

Overtime Hours Requested for PP 02:

01/09/2017: **3.5 hours** due to Steelworks Public Meeting

01/10/2017: **1 hour**

01/11/2017 through 01/13/2017: Estimated 2 hours per day (**6 hours OT**)

01/14/2017: Estimated **10 hours**

Total Overtime Hours Estimated: **20.5 Hours**

If I am not approved for any overtime already submitted or future OT anticipated, I need to know ASAP. This will change anticipated work schedules and other aspects of the site.

Justification:

OSC Daly will be traveling on 01/03/2017 via GOV to Niagara Falls, NY for Niagara Falls Boulevard Site to continue oversight of gamma survey assessment, soil sampling, disposal of excavated staged material as well as the rebuild of the GNBC office area. There may also be some work performed at the Holy Trinity Cemetery Site, 738 Upper Mountain Road Site and the Steelworks Park Industrial Fire Site during this time range.

In order to maximize travel time, resources, EPA funding, property owner scheduling and contractor scheduling, all this work will be conducted continuously within this time range. It will require at least 9 to 10 hour work days to complete the described work during the regular work week. Work may also be necessary to be performed over the weekend. GNBC closes early on Saturday and is closed on Sunday which will allow for the noise and prevent disruption to the operators and patrons in these specific inside areas during certain activities. The weather is now a factor in regard to completing the disposal of excavated soil as well as the rebuild of the GNBC office area (concrete pour). EPA is also working with private residences/Town of Lewiston at the Holy Trinity Cemetery Site as well as 738 Upper Mountain Road Site. This work may also require accommodations outside normal business hours and additional overtime for personnel. OSC is being requested to attend a public meeting for the Steelworks Industrial Park Fire Response on 01/09/2017 from 17:30 to 19:30.

The document with more specific breakdown of work being performed at the sites was forwarded previously and available upon request.

As in past request, the worst case scenario for overtime is requested but is dictated by the timing of the work and cannot be scheduled exactly.

Regards,

Eric

Subject: Niagara Falls Boulevard/Holy Trinity Cemetery/738 Upper Mountain Road Overtime Comp Request Pay Period 26
Importance: High

Good Evening:

I hope all is well.

Below is the estimated overtime for Niagara Falls Boulevard Site Removal Action, Holy Trinity Removal Action and the 738 Upper Mountain Road Assessment based on the schedule I have worked out with property owners, operators and contractors. I previously submitted a more detailed explanation of work schedule and scope of work at the sites to assist management in justifying work schedules and overtime requests. Thanks

Travel Date Range: 12/4//2016 through 12/19//2016 (Pay Periods 26 & 27)

Travel days to/from Site are 12/04/2016 (Pay Period 26), 12/19/2016 (Pay Period 27)

Travel Comp Requested for PP 26

12/04/2016: 7 hours

Overtime Hours Requested for PP 26:

12/02/2016 through 12/09/2016: Estimated **2 hours** per day (10 hours OT)

Total Overtime Hours Estimated: 10 **Hours**

If I am not approved for any overtime already submitted or future OT anticipated, I need to know ASAP. This will change anticipated work schedules and other aspects of the site.

Justification:

OSC Daly will be traveling on 12/04/2016 via GOV to Niagara Falls, NY for Niagara Falls Boulevard Site to continue oversight of gamma survey assessment, soil sampling, demolition, removal and staging of contaminated material from designated areas within GNBC structure as well as removal of contaminated material from the surrounding parking lot/wooded areas. Soil sampling will also be performed at 738 Upper Mountain Road during this time range.

In order to maximize travel time, resources, EPA funding, property owner scheduling and contractor scheduling, all this work will be conducted continuously within this time range. It will require at least Ten-10 hour work days to complete the described work during the regular work week. Work may also be necessary to be performed over the weekend. GNBC closes early on Saturday and is closed on Sunday which will allow for the noise and prevent disruption to the operators and patrons in these specific inside areas during certain activities. EPA is also working with private residences/Town of Lewiston at the Holy Trinity Cemetery Site as well as 738 Upper Mountain Road Site. This work may also require accommodations outside normal business hours and additional overtime for personnel. The document with more specific breakdown of work being performed at the sites was forwarded previously and available upon request.

As in past request, the worst case scenario for overtime is requested but is dictated by the timing of the work and cannot be scheduled exactly. Some of the previous weekend hours requested for this removal action were not even worked.

Regards,

Eric
