There is another member of Weston who has not been able to access the SharePoint resources. Perhaps it's something technical with Weston? Ben do you have a tech contact at Weston?

The other thing to try would be to clear the cache in your browser and add the site to your compatibility options. Also try Chrome.

Thanks Amy T. I have granted access to you both for all three folders. I have provided access to Ben to these folders for a year or so now.

Hello,
I don't have permission to the files to investigate, but I recommend first checking your access requests. In your OneDrive go to the Settings gear-Site Settings-Access requests and invitations. Internet Explorer is the preferred browser for outside users. Amy O might have more to add?

Good Afternoon:

I know you both have assisted in Weston access in the past. Could you please look into the issue Ben Nwosu is having accessing my OneDrive links below? Ben is copied to this email. Ben, if your issue can be solved easily, maybe you can forward other Weston personnel that are having trouble accessing. Thanks to all.

Good morning!
You're very welcome! Happy to help! Visio is now available through the Citrix desktop. Who will need access?

Good Morning:

How is everyone? I want to thank everyone for the great support yesterday. We do have another request. During Hurricane Sandy, our Resource Unit Leader utilized Vizio and there was a rights key that went into the thumb drive. Please advise on how we can proceed.

Thanks

Hi Amy. If you could come over to the REOC, Building 205, Bay B and meet up with me that would be great.

Good morning!
I'd be happy to help! It's a matter of permissions. I'm here in Edison if it's easier too!

Good Morning:

How are you? We are currently developing staffing plans for our anticipated deployment to Puerto Rico and the Virgin Islands due to the impact of Hurricane Irma. We are requesting assistance in setting up a folder in SharePoint that is accessible to all EPA Region 02 Personnel. Can we set this up using the R2 RRC mailbox? I've cc'd the mailbox too. We need this for personnel to update the staffing plan Word document. We would really appreciate it if we could get this done ASAP.

Please let us know if this is feasible. Thanks
