Great Jeff. Thanks for the response. Just so you know, our job here is mostly excavation of radiological material. No additional potential fire hazards. Does your department handle EMS or is that a separate company?

Regards,

Eric

Hello Eric,

That would be fine. It should be easier since you have my email already, I can then forward it to the appropriate party.

Thanks, Jeff

Subject: Pollution Report # (Initial)4 Niagara Falls Boulevard Radiological Site - Initial Removal Action PolRep for Niagara Falls Boulevard Site

---

Good Afternoon Jeffrey:

Attached is the initial Pollution Report for the removal action at Niagara Falls Boulevard Site. The first week of June, I reached out via phone message to Chief Colangelo regarding the mobilization of our crew and the start of the removal action. I left a voice mail for him again today but also spoke to someone via the main number who gave me your email address for the report. Please let me know if you want to be the contact to receive these reports or someone else in your department.

Thanks

Regards,

Eric M. Daly
