Please let me know if you want to discuss in more detail. I am thinking Amy is going to have lots of questions.

Best,

Chris

Thanks, Jayne. One clarification - at the earliest, the project would not begin until summer (July/August timeframe).

Thanks,

Hi Amy,

Please provide a gross estimate of the following project through December 2018 and April 2019, assuming the project begins this May. Provide separate estimates for tasks 1-4 from 5-11. Below is a link to the document and a rough estimate for the types of work we would need contractor assistance for, (b) (5) [redacted]

https://fortress.wa.gov/ecy/publications/SummaryPages/1510012.html

Work that EPA could do if staff time/resources allowed (but I'm including it as a contractor request for now):

Work that we would need contractor assistance for (we also may or may not get cooperation/assistance from the state in completing these tasks):
