Emy,

March 26th in Seattle is good for our next meeting. I will take a look at the agenda and provide any comments later this week.

We are still planning on sending you the draft outline for the air sampling plan for your review by February 22.

Please contact me with any questions or comments.

Thanks,

Brian

Brian,

Would Tuesday, March 26 (9am-3pm), work to meet in Seattle on the Martin-Marietta Site? I've drafted an agenda based on what was discussed at our last meeting.

Let me know if the date works and if you have any edits to the agenda. I will call you to discuss the details when the meeting is a little closer.

Are you still planning on sharing the outline of the sampling plan by Feb. 22?

Thank You,
Emy
