Dr. Ramesh,

Just an FYI to let you know the meeting documents are now available in the public docket (link to docket is provided below and I've attached the issue paper and charge questions to this e-mail). Early next week we will send you a flash drive that contains all the documents, public comments received to date, and any additional information and instructions.

Please remember that before you are eligible to be a paid participant in our FIFRA SAP meeting, we need to hire you as an EPA special government employee (SGE).

Please let me know if you have any questions.

Thanks.

Steve
