Dr. Jett,

The primary background paper is attached to this message. It is also in the docket.

Thanks.

Steve – is the primary document - the one the charge sheet refers to (e.g. "Section 2.0"), located

on the docket? I have tried but can't find it.

All,

Attached are the EPA presentation slides for the glyphosate FIFRA SAP meeting. Some of you received an e-mail with presentation slides prior to the original October meeting dates. Please disregard that message and use this one for access to the presentation materials. Please let me know if you have any questions or any difficulties opening these files.

In addition, please note that we continue to receive written public comments for this meeting. Therefore, please continue to periodically check the docket at

https://www.regulations.gov/docket?D=EPA-HQ-OPP-2016-0385 as you prepare for the meeting. **If a public comment or EPA supporting document contains copyrighted or otherwise protected information that is not posted at regulations.gov and you are interested in obtaining a copy, please contact me or another member of the FIFRA SAP staff**.

Thanks again and I look forward to meeting everyone in a little over a week.

Steve
