FYI.

I didn't have any comments on the factsheet, but wanted to make you aware that it had been developed.

Thanks,
Kim

CMAD, PROD and RID – can you all please take a look at this? I will ask Michele to coordinate our response back to Melanie, so send your comments to her. Thanks.

**** Deadline: Friday 3pm, please****

OEM,

Good afternoon. Please see the attached factsheet, ITC Tank Fire/Deer Park, provided by Region 6 for OLEM review.

Peter would like to have these to him for review on Friday; please send to me in redline/strikeout version by 3pm on Friday, 8/16.

-

Thank you all for your continued efforts and quick replies.

Please let me know if you have any questions.

-Melanie

Note: OCIR told R6 that the Exxon Mobil and KMCO fire factsheets were not needed. We are not aware of any other OEM-related factsheets coming in (besides the Hurricane Harvey air monitoring sheet you already provided review on, and we've almost resolved that, thank you), but the regions may send them anyway. Please stay tuned for more review requests
