Subject: U.S. EPA Proposes Implementation Requirements for 2015 Ozone National Ambient Air Quality Standards

Dear Colleagues:

Today, the U.S. Environmental Protection Agency proposed requirements that would apply to state, local, and tribal air agencies for **implementing the 2015 National Ambient Air Quality Standards (NAAQS) for ground-level ozone.** The EPA revised both the health-based and welfare-based standards for ozone on October 1, 2015. Implementation of the NAAQS is a shared responsibility of the EPA, states and tribes. This proposed implementation rule seeks public comment on proposed requirements that ensure public health protection is achieved by meeting the 2015 ozone standards, while giving the EPA's state, local and tribal partners flexibility to reduce administrative burdens, where possible. This proposed action largely retains and updates the implementing regulations that apply for the 2008 ozone NAAQS, for purposes of the 2015 ozone standards, which creates stability in the planning process. This action is seeking public comment on a number of issues, including: nonattainment area classification thresholds and deadlines for planning, implementation of emission controls, and attainment. The rule and a summary fact sheet are posted at: https://www.epa.gov/ozone-pollution/implementation-2015-national-ambient-air-quality-standards-naaqs-ozone-state.

For more information about ozone, standards, and implementation, visit: https://www.epa.gov/ozone-pollution

If you have questions or need any additional information, please give me a call.

Regards,

Brent Maier
