National Center for Environmental Assessment
Weekly Report for July 19, 2017

30 Day Outlook for Presentations and External Meetings

Start Date	End Date	Scientist	Event	Location	Topic
16-July	20-July	Rory Coffey	American Society of Agricultural and Biological Engineers Annual Meeting	Spokane, WA	From July 16-20, Rory Coffey (ORISE in NCEA EARCG) will attend the American Society of Agricultural and Biological Engineers Annual Meeting conference in Spokane, WA. Rory will present on the current state of the science regarding climate change effects on waterborne pathogens.
16-July	21-July	Emmi Felker-Quinn	International Conference on Mercury as a Global Pollutant	Providence, RI	Emmi Felker-Quinn (ORD/NCEA-RTP) will be attending the International Conference on Mercury as a Global Pollutant from July 16-21 in Providence, RI. She will present a poster entitled 'Systematic review and assessment of links between sulfur deposition, sulfur cycling, and mercury cycling in North American ecosystems." This work falls under HHRA Topic 2, Task 3.3 (2.213).
24-July	24-July	Christopher Clark	Office of Transportation and Air Quality	Washington, DC	Office of Transportation and Air Quality. On July 24, Christopher Clark will be presenting to the Office of Transportation and Air Quality on recent research findings related to agricultural expansion and intensification in the U.S. since the Energy Information and Security Act of 2007. This is an information exchange with OTAQ in support of the Biofuels Report to Congress and is at the invitation of OTAQ (Washington, DC).
25-July	25-July	Becky Nachman	Monthly brown bag seminar series	Office of Children's Health Protection	Becky Nachman was invited to give a presentation to the Office of Children's Health Protection at their monthly brown bag seminar series (an internal seminar series in OCHP) on her postdoctoral research on prenatal exposures to air pollution and intrauterine inflammation. Becky's presentation to OCHP is scheduled for July 25.
26-July	26-July	Tom Luben	Overview of National Ambient Air Quality Standards (NAAQS) and	Via webinar to staff at the Bolivian Ministry of Health in Sucre, Bolivia	On July 26, 2017, Tom Luben will deliver a presentation entitled "Overview of National Ambient Air Quality Standards (NAAQS) and Benefits Analysis" via webinar to staff at the Bolivian Ministry of Health in Sucre, Bolivia. Organized by the Clean Air Institute, a non-

			Benefits Analysis Presentation		profit organization dedicated to improving air quality in Latin America, the webinar is aimed at providing information and introducing tools that may aid the Ministry of Health in developing air quality management plans for the city of Cochabamba and the country as a whole. The webinar will build on themes discussed at the Second National Congress on Air Quality held in Cochabamba, Bolivia in early July. This work falls under HHRA Topic 2, Task 3.3 (2.213).
Aug	8-Aug	Alan Talhelm	Annual Meeting of the Ecological Society of America	Portland, Oregon	On August 8, 2017, Alan Talhelm (ORISE post-doc with ORD/NCEA-RTP) will be presenting a poster at the annual meeting of the Ecological Society of America in Portland, Oregon. Alan's poster is titled "Long-term simulated nitrogen deposition decreases seedling and sapling abundance in northern hardwood forests", which describes changes in plant communities in a nitrogen deposition experiment. Alan is also a co-author on two other posters during the meeting. This work falls under HHRA Topic 2, Task 3.3 (2.213).
