Hi Jim,

I'm in another meeting right now. I won't have time for a pre call, but we can get Excelsior to review the new material and ask any questions, if any.

Yes, please send the draft comments for my review, so I can start on it.

Thanks, Nancy

You did send it. I just forgot that it was for 1 pm, not the usual 10 am.

That gives me more time to prepare for the call. Do we need to talk before the call?

Ex. 5 - Deliberative Process

I am about ready to send my comments on the revised permit application to Cadmus. Do you want to see a preliminary version without Cadmus QA review?

Nancy – On behalf of Excelsior Mining, I am forwarding several documents for your review in anticipation of our meeting with you and David tomorrow. I have included the revised Attachment R3 to the UIC application, a letter from Alison Jones explaining the water supply flow rate from Johnson Camp, and a Technical Memorandum describing Excelsior's proposed multiple-probe study that was discussed last week with Jim Walker.

If you have any questions, please don't hesitate to call.

Cheers,
~~~~~~
