Re: FOIA requests – Pavillion Field Area

Dear Michelle:

This letter is written in response to your January 18, 2012 letter.

With regard to item 3, please add request 2.1 to the list of requests to which the clarifying language should be applied. Otherwise, the list is fine.

Other than our agreeing to disagree on "unusual circumstances" and its impact and on the relatedness of the extension and the FOIA requests, your letter accurately reflects the requests and our agreements regarding them.

I trust that we will be receiving information on the timing of the production of the requested documents soon. I have not received any documents yet, and thought that about 50 documents were going to be provided last week. Please advise.

Very truly yours,

Nea Brown
