That is a good question. Yes.

we have instructed the water board and Atlantic Richfield to continue to implement the 2015/2016 plan as written for this winter season.

Thanks!

Thank Lynda!

Since the Waterboard's visit to the site was in November, I am assuming the heading of their report is incorrect? That threw me off a little. Also, I am assuming that the Contingency Plan written for the 2015/2016 winter season is applicable to the 2016/2017 winter season, or have there been updates for this year? Thank you!
