Subject: Leviathan Mine - Site Characterization Report Overview Webinars

Julie,

As discussed during our December meeting, Atlantic Richfield is proposing to hold a couple of webinars to present an overview of the recently submitted Site Characterization Report and each of the supporting Technical Data Summary Reports to help facilitate the U.S. EPA and stakeholder reviews. The intent of these meetings is to provide a general overview of the documents so that the reviewers have some familiarity with the layout and content; however, we do not intend to facilitate detailed technical discussions at this point.

We anticipate that we can get through the overviews within two, 2-hour webinars.

Potential dates and times include:

January 25, 10 AM to 12 noon PST

January 26, 10 AM to 12 noon PST

January 26, 1 PM to 3 PM PST

January 29, 10 AM to 12 noon PST

February 5, 10 AM to 12 noon PST

February 7, 1 PM to 3 PM PST

February 8, 10 AM to 12 noon PST

February 8, 1 PM to 3 PM PST

Please let us know if U.S. EPA is still interested in having these meetings and if so which dates/time work with your schedule.

Thanks,

Marc
