Hi Coleen,

Thank you for reporting the issue with the 2011 report form.

I will let our HQ office know.

If all of your production information is completely captured in the first page, there is no need to send a blank second page.

Let me know if you have any other issues with the forms.

Thank you.

Allison,

One more question. The 2011 form is a two page form that has a section for product info on

page one and a second page for additional products. We only have one product & the button that indicates remove additional pages does not seem to work. Shall I send both pages anyway with page two left blank?

I sincerely appreciate your help.

Hi Coleen,

Ok good. I'm glad it worked.

Feel free to let me know if you run into any other issues with the forms.

Thank you.

Hi Coleen,

If you scroll to the bottom of the first page and click on the button that says "Add Pesticide Product Info" the second page will be added to the document. (You may have to scroll down to see it.)

Please let me know if this form is not working properly.

Thank you.

Good afternoon Allison,

Could you please resend the 2013 Pesticide Report Form? The one attached from the email you sent to Kirk does not have page 2.

Thank you,

Mr. Shermer,

Attached are the Section Seven annual reporting forms for 2011, 2012, 2013, and 2014 in case you need them.

The 2015 form is available on the website: https://www.epa.gov/compliance/epa-form-3540-16-pesticide-report-pesticide-producing-and-device-producing-establishments

Note that you need only correct the reports from 2011 – 2015.

We are also encouraging everyone to register for CDX and begin reporting electronically.

Here is some more information about how to register and how to submit annual reports.

How to Register for CDX for New Users or Add SSTS to Existing CDX Users

Subject: Snowden - EPA Civil Administrative Penalty Enforcement Case

Dear Mr. Shermer:

I am following up on our conversation of last week with two points to discuss.

First, have you mailed to me the financial information we discussed, to verify the size of business (gross revenue) of Snowden Enterprises? If so, please let me know when it was mailed so I can check with my mail room. If not, let me know if there is an issue with identifying or sending to me the relevant information.

Once I get that information, I will revise the penalty settlement document and send it to you for review and signature.

Second, we also want to discuss one more point regarding compliance with FIFRA: For section 7 reporting, Snowden should be reporting formulation when it appears that you have been reporting repackaging. We would like Snowden to correct its incomplete Section 7 reports within the next thirty days and prior to certifying compliance with FIFRA in the settlement document.

As I am sure you will wonder if this involves an additional penalty, I am including a link to our penalty policy below but there is no penalty assessed for this type of minor incomplete reporting when a first time violator promptly corrects the error. See page 8 of EPA's Enforcement Response Policy for FIFRA Section 7(c).

https://www.epa.gov/enforcement/enforcement-response-policy-fifra-section-7c-establishment-reporting-requirements-may

Allison and I would be available for a short phone call Thursday April 21st at 11am or Tuesday April 26th at 10am. Let me know if either of those times works for you, or propose a different time if neither of those times works for you.

Sincerely,

Margaret Alkon
