Dear Harry,

We accept, with regret, your resignation from our research group. This is in response to your request of October 1. that you wanted "to stop my participation in the further activities of the group".

I did not write you sooner, because my EPA colleagues were unavailable at their work telephones, email, etc, during the federal government closure. (They were not able to receive communication during that time.)

I have appreciated working with you over the many years and want to thank you especially for your helpful collaboration and assistance in our work in Ohio. Thank you Harry.

Warm greetings,

Rosemarie
