Subject: Re: Conf Call for research group and authors of papers
Date: Friday, June 07, 2013 9:04:58 AM

Hello all,

It is wonderful news to hear that all of the approvals have been obtained
for the July meeting in East Liverpool. It will be nice to get that piece behind
us so that we can focus on getting papers out.

I am working on the motor manuscript and am hoping to have a rough draft before
our next phone conference. I would welcome input and feedback so I will send it out
at least three or four days prior to our call.

On June 24, I am available early morning, before 11 am CST and after 2 pm CST.
If June 24 does not work, then I am available during the same times on June 25
or June 27. I am unavailable June 26 and 28.

Cheryl

On June 24 I am available early morning, before 10 am MST, or after 1:00 pm
MST. Probably early morning is good for Harry.
