Besides the time commitment I don't have an issue, but let's discuss.

Subject: Discussion with Rosemarie Bowler (Region 5 RARE - Mn)

Danelle and Tim,

I had a short phone conversation with Dr. Bowler (SFSU) about the possibility of being the first author or a major contributor on the Mn Biomarkers paper. I told her that I needed to discuss such a large commitment of my time with Tim before I could agree to do this work. I don't want to make any promises that I can't keep. I am planning to discuss this work, and whether I can fit it into my schedule, as part of my PARS. Thanks for your help and support,

Ed Hudgens
