Thanks Dante, I've got an email into Harry to see what his availability might be for phone conferencing in that day. I'll let ARC know that we're tentatively planning this meeting for late morning and afternoon of April 26th.

Gents,

I am seeing the airline schedule as follows:

4/26 Southwest: Oakland – Reno 8:30a-9:25a *nonstop*

Reno – Oakland 7:20p-8:30p *nonstop*

These are the only AM and PM nonstop flights. This is what the Southwest webpage tells me.

This gives us a late morning start (10:30a?) but plenty of time in the afternoon. Conceivably we could go all the way to 5p if needed. This should work out just fine timing-wise.

Dante Rodriguez

Jeryl,

It sounds like this discussion is about the OU8 remedy and how it might cross OU boundaries?

I'm not sure what we mean by efficiencies. We're not ready to select remedies for the other OUs so we can't pre-select those remedies to accommodate OU8.

But I can make myself available to fly to Reno and out the same day on Tuesday 4/25 or Wednesday 4/26.

When I look at the Southwest flight schedule it appears the only direct evening flight departs RNO at 720 PM.

Thanks,

David A. Seter, P.E.

Hi again,

Dante is out of the office this afternoon but we were able to talk about the site-wide discussion schedule, and wanted to give everyone else the options we talked about for consideration.

Dante is available to travel to CC either Tuesday or Wednesday, but would prefer Wednesday.

He would prefer a single day trip, rather than an overnighter, so options are somewhat limited.

He recalls only 2 morning flights and 2 afternoon flights available, and would prefer catching the 5'ish pm flight back rather than the 8'ish pm flight. To catch a 5 pm you would need to leave our office by 3:30. Early flight at 8:30 arrives in Reno at 9:30, and you could be here by 10-10:30. That would give us plenty of time for discussion, plus a lunch break.

There are other flight options also, but no other direct flights I'm aware of.

Let us know as soon as you can what day/time you prefer, and we will get a conference room booked.

This should be an informative, interesting and lively discussion.

Thanks,

Jeryl

Hi,

We had tentatively planned on April 27th for a discussion on site-wide efficiencies between NDEP, EPA and ARC technical teams.

For EPA, that's you guys and Harry.

Dante is on leave on 4/27, so we are looking at either 4/25 or 4/26 for you guys to travel to Carson City for a 3-4 hr discussion.

Is one day or the other better for you?

Let me know as soon as you can and we will schedule a meeting room here at NDEP.

Thanks,

Jeryl
