Hey Sarah,

This is all perfectly clear, and reasonable.

I agree with you that NDEP should be present; it's just difficult to manage so many separate meetings so close together.

I just saw your email from Cynthia; we'll wait to hear from her on what the Council wants.

I haven't really talked about this with Dave and Dante as we have had our hands and heads full of Proposed Plan drafts and finalization, among other things.

This just never got elevated to the point where we could afford another 5 minutes off the primary topics.

Let's see how both tribal council play it out, and we'll go from there.

Thanks,

Jeryl R. Gardner, P.E., C.E.M.

Hi Jeryl,

That's a good question. In our last meetings in October (as a part of tribal consultation on listing), YPT requested that we hold a community meeting on the reservation. That's where this idea came from- they feel that there would be more tribal interest if we hold a meeting on the reservation. As part of government-to-government relations, we agreed to offer a YPT-specific community meeting the next time we hold an in-town community meeting.

As far as meetings with the tribal councils go, I'm referring to the required tribal consultation on the Proposed Plan. We are required to hold tribal consultation with both WRPT and YPT. In the last consultation for WRPT, there was only minimal interest from tribal council. This next one would probably look like an hour-long meeting in Shurz going over the Proposed Plan. For YPT, I suggested to them that we combine the tribal consultation with the general community meeting, holding them at the same time in the evening of Oct 13. We did something similar in October and they have a good venue for this type of setup.

While NDEP doesn't have to be there, I think it would be a good idea, as you are lead on the PP and that is the main focus of the meeting. We're also not positive that the tribes will extend the invite to NDEP- it's something we have lightly suggested but have not received an answer on, as of yet.

Let me know if this isn't clear! I assumed that you had talked to Dante/Dave about this, but that's what I get for assuming!

Thanks,

Sarah

Hi Sarah,

I talked with Jeff about this.

We would prefer if the Tribes attend one or both of the meetings we are setting up for the public.

Is there some reason they should have separate meetings?

We aren't sure what the rules of engagement are. Is this their request?

Can you encourage them to just make the public meetings like everyone else?

We will work with you on this regardless of how it goes, but hope we can reduce the number of meetings needed.

I appreciate it.

Jeryl

Great, thanks Jeryl! I have reached out to the 2 tribes- they will both get back to me this week regarding a potential meeting/consultation at YPT and consultation at WRPT.

Hi Sarah,

Everything is set for the 12th, with rooms reserved from 2:30-5 at the library, and from 6-8 at the high school.

I am still waiting on info from locals on a court reporter. I may have to secure one without their help.

I'm assuming that we would need to hold the tribal meeting(s) a different day, especially if we're having 2 meetings in Yerington on the 12th. I'll propose the 13th to the tribes unless the group says otherwise.

Thanks,

Sarah

Hi Sarah,

I reached out to Peggy, Jeff Page and Dan Newell, and already heard back from Peggy Pauly.

The 12th is fine with her.

I'm waiting on feedback from the City and County.

The 12th is fine with BLM.

Do you want to reach out to the Tribes?

I'll keep you posted.

Thanks again for your help,

Jeryl

That's fine with me. Again, I'd say check with the city/county to make sure that day is OK.

Thanks Jeryl!

Hi,

I just spoke with the Yerington High School, and they don't have any rooms available for the Proposed Plan meeting and hearing on December 13th.

They do have the multi-purpose room available on Monday, 12/12.

I had them reserve the room for us.

Is everyone okay with the meetings/hearings being held on Monday, 12/12?

Let me know asap.

Thanks,

Jeryl

Hey Jeryl,

And in other news, the Yerington Paiute Tribe expressed to us that they would like us (State and feds) to have a public meeting for their tribal members in association with the other OU8 public hearings. I would like to ask that the CI workgroup discuss this and come up with a plan.

Sarah – are you around and able to engage the workgroup on this topic fairly expediently?

Jeryl,

Everyone (my bosses, CI, etc) says you should book the room for the OU8 Proposed Plan public meeting now. Do you need help with that? We could have CBI assist. Let me know. Or do you want Sarah and the CI
workgroup to assist? Let me know. Thanks!
