Response Report 15-2-0165 from Tad Williams.pdf

Hello:

I have learned that there is unofficial communication with Walker River Paiute Tribe (WRPT) with particular tribal employees (Cynthia Oseguera) and with the Tribal Vice Chair regarding report 15-200165. Cynthia Oseguera and the Vice-Chair Randall Jack have misled you as representatives for WRPT on this report. Further, they are discussing possible personal liability for me regarding this report which is highly inappropriate.

Please see my written letter that I will also be mailing.
