Thank you Dave,

NDEP suggests that the Deferral Agreement item be amended to allow for feedback to EPA from NDEP in addition to YPT and WRPT.

Additionally we are concerned that EPA amendments to the Deferral Agreement shared with us last week change items beyond what was under discussion during the August 10 and August 29 drafts that Rick Perdomo was discussing with ORC. We were not able to check on this during the meeting but we will likely have that concern. We thought we had the topics narrowed down and several of the amendments EPA reviewed last week were in new areas.

Greg
