Subject: RE: Deferral of Final NPL listing on the Yerington Anaconda Mine site and NRD implications

Ms. Hatch:

Atlantic Richfield Company has reviewed Chairman Thom's May 25, 2017 letter and the proposed Memorandum of Agreement with the NRD Trustees relating to tolling of NRD claims. We are amendable to entering into a tolling agreement, and we appreciate the Trustee Council's statement that executing such an agreement will address the members' concerns about the implications of NPL deferral on the NRD statute of limitations issue. We have proposed a few revisions to the draft version of the agreement that you emailed to me on June 7, 2017, which generally are just intended to clarify the drafting. I am sending both a red-line and clean version so you can easily see the changes. Please review this revised draft with the other Trustee Council members and let us know if it is acceptable to all parties.

I note that your email to me below did not include all of the courtesy-copy recipients listed on Chairman Thom's letter. Can I assume that you or Chairman Thom will share this email and the attached revised agreement with the other Trustee Council member representatives?

Thanks,

Brian S. Johnson
