Brent:

Did Dean send out the Anaconda letter to Congressional reps in Nevada? I can't find his email. Please forward it to me. I'm presuming his email would have made an offer to brief. Any responses?

Subject: Timing for Superfund Outreach on Anaconda Copper Mine with Congressman Mark Amodei, Congressman Crescent Hardy, and Eureka Smelter with Sen. Dean Heller

All –

Just checking in to see when folks would like for me to follow up to set up briefing updates for the Anaconda Mine Site with Jason Riederer, Legislative Director for Congressman Mark Amodei sent a note following our briefing for their office on Eureka Smelter requesting me to set up a call between now and mid-January to get an update on EPA's efforts in Yerington on the Anaconda site. I can also reach out to Congressman Crescent Hardy's office whose District includes the Anaconda Site to set up a briefing with his staff.

In addition, I can also offer to set up a call with Senator Dean Heller's office to brief them on both Eureka Smelter and Anaconda Site.

Please give me a timeframe or dates to work with to set up these calls and a list of who should be on the calls. Thanks.
