orphan share agreement-final signed 10-31-2016 (1).pdf

Alexis and Enrique,
As you can see below, we recently shared with EPA and BLM staff a proposed Framework Agreement that outlines a process for deferral of NPL listing of the Anaconda site. I would like to set a meeting soon with the two of you to discuss in concept this potential deferral which will of course require EPA and BLM concurrence. If possible we would like to meet the week of 11/21 or 11/28 in SF. Please let us know if there's a convenient time. Thanks.

> Please find attached a Framework for Agreement between NDEP and ARC for the Anaconda Site.
>
> NDEP has reached consensus with ARC on the language of this agreement and we propose a discussion between NDEP, EPA and BLM to review the agreement and discuss the viability, process and schedule for pursuing an NPL deferral agreement in accordance with EPA 1995 Guidance on Deferral of NPL Listing Determinations While States Oversee Response Actions. After the agencies meet we can discuss a schedule for meeting with ARC.
