EPA past costs discussion - Anaconda Yerington - Dec 19 2017 v2.pdf

Alexis and Sylvia,

I have attached an update of the slides that I sent yesterday. The earlier version of slide 2 incorrectly included $1 million that AR paid to EPA and NDEP for upgrades to the OU8 Fluid Management System.

Let's use these slides for our discussion today.

Best Regards,

Bob

Alexis and Sylvia,

We have made great progress together on the agreements related to the Anaconda mine site. I believe that Anaconda (Yerington) can be an exemplar for how industry, state and federal agencies can work together to advance a site in an innovative way. I have attached a few slides to support our discussion tomorrow about EPA past costs at the site. I look forward to the conversation.
