.....
,,,,,,,
No worries, Dave.
Take care of priorities and stay safe!
We're getting ready for the next AR waves; we are expecting 3' of snow at lake level on east side between now and Thursday morning; upper mtns another 7'.
Whew!

Yeah, I'm okay, just still reeling it all in!

Thanks,
Jeryl

Well, I didn't get to send my recent out on Friday because spent most of Friday prepping our office for the flood and now I can't access the building until probably Tuesday morning. I'll forward my responses then. Sorry about your car Jeryl, hope you are okay.
Dave

Hey guys,

I finished my general response strategy for all comments, and have shared it with Greg and Jeff.
All state offices are closed tomorrow due to storms, flooding, etc.
Wish they had been closed last Thursday, would have saved me from totaling my car on my way in to work!

I will let you know what comments G&J have on my RTCs by Tuesday.
Not sure yet about Tuesday work hours; we're due for heavy snow again Tuesday as well, so flooding may still be an issue.
I can do a lot from home, but not everything.

Jeryl

I have already started reviewing the comments and making BLM responses. Once I have it completed, I will send them to you and Dante for inclusion. I doubt if I will be able to take an early lunch, but I will try. I'll let you know in advance if I can call in.

Let me know if you need anything else.

I probably won't be able to call in for this meeting because I will be in Elko at a COR training the whole week, but I will be checking email.

Thanks,

How about we extend the meeting on 1/10 for another hour or until finished? Also attached is a revised version of the RTCs with those from SPS attached.

Hi Martha,

It's fine with me to utilize the regular RI/FS call time for our PP comments call, although if we have other topics for discussion an hour won't be enough.

I think we will need a full hour for the PP comments discussion alone.

Whatever works for everyone will work for me.

Thanks,

Jeryl R. Gardner, P.E., C.E.M.

Hi Jeryl:

We have our standing Anaconda call on Jan 10 at 10 am. We could use this time for the discussion.

Otherwise, my schedule is open on Jan 10 and 11.

Regards,

Martha

Hi,

Dante and I just discussed some options for collating our RTCs.

We are suggesting that each of us (BLM, EPA, and NDEP) look at all the comments, and prepare general response approaches individually.

Not framing up specific language as responses individually, just a general approach for how we think the comment should be responded to.

We would aim for completing our individual approaches and be ready for discussion on January 10th or 11th.

The times that Dante and I have open are:

Tue, 1/10: 1-4 pm,

Wed, 1/11: any times except 10-11 am.

Probably an hour will suffice for this call.

During this call we will assign 3-4 comment letters each to frame up specific responses, which we can discuss in a subsequent call, around January 25th or 26th roughly, where we would refine and make decisions on specific RTCs prior to formalizing them for the ROD.

Dante also answered my questions regarding RTC requirements, so we will just be putting together one RTC table, not individual letters to commenters.

So, let me know your available times on the 10th and 11th and we'll get the call set up.

Thanks,

Jeryl
