Harry, Angeles and Brian,

Greg, is out of the office and in and out of cell coverage, so he might not see this right away. As we discussed last Thursday on our call, Great Basin Resource Watch indicated that they were planning a media release to address their concerns with deferral. Here's what they intend to send out this morning.

Hello Greg,

We are sending this out this morning. These are all issues that we have discussed. In our letter to EPA we will go into more detail regarding our recent meeting with NDEP and the aspects that NDEP was able to commit to at that time.

Sincerely,

John
