FYI -- A staffer from Senator Inhof's staff (R- Oklahoma) and an Oxitec rep set up a meeting with Rick Keigwin and me for late today. I checked with Jack Bobo, and he knows the Oxitec person – Joe Reeder?

As you may know, many of the new EPA political appointees and transition staff have a background with Sen Inhof's office.

I will let you know what outcome of the meeting is. Have you all been approached for a similar meeting?

It seems as if Mr. Reeder and the Senate staffer want to talk about the EPA/FDA roles re: GE Mosquitoes like Oxitec's.

Bob

Bob – let me re-send the mtg notice for Thursday after 1 pm.
It works for all – and so you don't have to rearrange your Wed.
Thanks!

Hi all – Just to follow-up on the discussion at BWG this week re: single point of entry/contact – I briefly chatted with Mike M. this morning and our thinking is to bring together a small group to brainstorm about this idea and then take it to the BWG.
I can set up a t-con for this small group to discuss next week. Does this sound OK? Is there anyone else you think I should include in this initial conversation?
Thanks!
