Subject: RE: Meeting with EPA, FDA, and Oxitec Re: GE Mosquitoes

Hi, Tricia. It is good to meet you.

I have included Chris Wozniak on this email as he and I are working together on this issue. He set up the last meeting between EPA and Intrexon's Oxitec, so I am hoping he will chime in if need be on the foreign visitor requirements.

As I understand it, I have to submit the notification. To do that I will need your date of birth, place of birth (town and country), passport number, type of visa, and country of citizenship.

As to whether the information you will be sending us at 20 MB is too large for our systems to handle – try sending it. If it does not come through I will let you know.

Hope to see you soon.

Hi Elizabeth,

My name is Tricia Whitmore, and I am taking over from Camilla at Oxitec as Head of Regulatory Affairs. It is nice to meet you!

Both myself and Camilla will be attending the meeting on 7 Mar .....but understand that I will need to complete a foreign visitors form in advance of this meeting? Can you please forward this to me and should I return to yourself?

Regarding the data that you requested to be sent (i.e. previous trial data, Information on threatened and endangered species and safety studies submitted to FDA as supporting information to the Environmental Assessment).....this data package could be over 20MB in size....will this size be a problem via email?

I look forward to meeting you.

With best regards,

Tricia
