Tim Et al,

Please find attached the documents that are going out today for your agency and public air quality review. In addition to the Draft Conformity the package contains a public-friendly summary document (English and Spanish) and a revised NEPA comparison document. These documents have been uploaded onto the Project website at: http://www.i-70east.com/reports.html#airquality. The agency and public review period begins today and ends January 14, so please get me a response by January 14.

Referred to FHWA
