Dear Ms Rumill, March 13, 2015

My husband and I are residents of San Tan Valley.

In reference to:

Draft Class III Underground Injection Control area Permit
Permit number R9UIC-A23-FY11-1
Florence Copper, Inc

We are opposed to the Florence Copper Mine Project.
This project is detrimental to our Community. Our water should be carefully protected. We should not take the risk of contaminating our water supply.

Respectfully yours.

Mr. & Mrs Salvatore Ciarlegalio
