Subject:	waimanalo gulch sanitary landfill stormwater exceedance
Date:	Friday, September 18, 2015 4:36:15 PM

Mr. Miyashiro,

As a followup to the verbal notification made to your office today, this email details the stormwater exceedances detected in samples collected on 8/24/15 at the Waimanalo Gulch Sanitary Landfill site. In addition to the pH exceedance (previously reported), total suspended solids were reported at 610 mg/L, iron was detected at a level of 46 mg/L and zinc was detected at 0.16 mg/L. Samples were collected between the time of 9:40 a.m. and 10:25 a.m. on 8/24/15.

If you have any questions, please feel free to call me at 805-285-8517.

Thanks,

Edward W. Pettit
