Hi Tim – I just wanted to thank you for signing the WaterGen CRADA yesterday. Since the signator from the WaterGen side is in Israel, which is 6 hours ahead, I wanted to make sure the CRADA was in their inbox first thing this morning (their time). Although we've not received their signature yet, Jay and I were on the weekly call with OGC and the Administrator's Office and could report that lab signed off and the document was in WaterGen's hands. We got big kudos for getting this turned around so quickly which was due to Claudette's responsiveness and your willingness to be interrupted while at the EC meeting.

A big, big thank you to you and Claude!
