Water Gen MTA MARKED 280917 ILB.docx
Water Gen CRADA Final Draft 270917.docx

Dear All,

Please see attached the revised drafts of the following:

1) NDA – all comments were accepted

2) MTA – most comments have been accepted

3) CRADA – initial revised draft

I would appreciate it if we (legal) could hold a con call to clarify the remaining issues in the MTA, NDA, and together review the comments to the CRADA, with the aim to finalize the drafts by next week.

As noted in our recent con call, it is the high holidays period here in Israel, and therefore, I will be available for such a call either Monday 2nd October or Tuesday 3rd October .

Please propose a time slot which would be convenient for you either next Monday or Tuesday to review, clarify and finalize the wording.

Regards

Liat

Hi folks. Attached are the MTA and NDA with mark-ups made by me and Geoff Cooper. I've also attached the draft CRADA for comment.

Ardra, Jay, Chris and Yehuda - On page 2 of the MTA, there is a section I want the lab and Yehuda to see. The paragraph goes on about EPA not being able to Ex. 5 - Attorney Work Product

Ex. 5 - Attorney Work Product

So, please, if someone from the Lab and if Yehuda and/or one of his technical people want to make a judgement call on this paragraph, I'd appreciate it.

Hi Liat – Geoff and I have made several comments and a handful of edits. The thing I hate most about Track Changes is that it notes every time I highlight or make some other formatting click. I've highlighted in gray or yellow the sections that I think belong in the CRADA – and in one place, in the NDA.

Please do what you need to get through the Track Changes jumble to see our comments and edits. After today, I'm out of the office for two weeks, and I return to the office October 2. If we need a conference call to hash out these clauses one by one, I'm good with that. Feel free to schedule something for my return to the office.

Finally, I've attached the draft CRADA for your review and comment. We can go over this document, as well, when I get back.

Please contact Geoff in my absence over the next two weeks. His email appears above. In a pinch, he knows how to reach me.
