End Date/Time: Mon 7/17/2017 2:00:00 PM

Hi Sarah, Geoff. Even though I'll be on leave, I need to have this call. Sarah, can we please use your conference line?

Sarah, you need to contact Watergen about a CRADA. We also need a Materials Transfer Agreement so Watergen can ship an atmospheric water generator to the Lab. Jay Garland will be talking to them next week. I will try to get these documents into some kind of usable draft form today, tonight, over the weekend.

Here is Watergen's contact info. That's all I have. From an earlier email.

"Water Gen's President is Yehuda Kaploun. His number is [redacted]. Thanks"

I'm out of the office Monday thru Wednesday. After our call, I'll likely check emails again Weds afternoon.

Have a nice weekend!
