I think a direct conversation with them may be the most productive. Laura Scalise is probably the appropriate POC on this. Her number is 202-564-8303. Hope you enjoy the holidays.

Hello Yehuda,

I spoke with our patent attorney this week who informed me that the address show on the tax documentation you provided is that of a private residence and not a corporation. Therefore, the address in the documents (including the draft CRADA) cannot be changed. Once WaterGen has incorporated in the US, the company and its corporate address will appear in the Dunn & Bradstreet online database and we will be able to change the address.

I must admit that I'm not an expert in this area, so it may be best to have the lawyers talk with one another again. Let me know if you agree and I'll be happy to have a call set-up.

Best regards and happy holidays,

Ardra Morgan
