Administrator, thanks very much. I was disappointed cause I was looking forward to seeing you plus I was with several highly successful and respected biotech execs and we had an important issue to discuss and inform. Would it be possible to reschedule and come back to DC to see you sometime in the next few weeks ? Be safe and thanks for your leadership and service to our country. Warm regards Roy
Absolutely. And we can do it as soon as it fits with your schedule. Let me know some dates and I will ensure it gets coordinated. Look forward to it, and again, apologies.
