In case you are in need of some good news, you can take a quick break to skim the attached newsletter and view a new PSA (click HERE or on image below) showcasing the work of the Santa Monica Bay National Estuary Program (CWA Sec. 320). Thanks to the good work of many of our former and current R9 colleagues, there is a locally-based organization (that otherwise wouldn't exist) doing excellent work to restore the aquatic environment and more in SoCal. Not bad for $600k/year.
